Novel/Book Approval Form	Ref # A.07.05 1 of 1																																																																																																											
Date _____ Title of Book _____ Author _____ Name & Position of Reviewer _____ Suggested Grade Level _____																																																																																																												
How do I ensure that the novel/book I select is Core Concept Compliant? Explanation & Definition Core Concept compliance means every part of the content either openly or passively supports all of my organization's core concepts and any conflicts are supplemented with alternative material that is either passive or openly supports my core concepts. Support means the content is directly advocating, teaching, or presenting in a way that assumes that the core concepts are accepted fact. Passive or silent means the content does not strongly push the concept or is not mentioned at all, but the reader can still assume the core concepts are accepted fact. Conflict or contradict means the content in whole or in part is in conflict with any one or more of the concepts.
