|   |  |  | PS: ____ PKT: Policies and Procedures |  |  | 1 of 1          |
|   |  |  | Policy Title: No Sugar Policy # 36    |  |  |                 |
|   |  |  |                                       |  |  |                 |
|   |  |  | <b>No Sugar Policy # 36</b>           |  |  |                 |
|   |  |  |                                       |  |  |                 |
| <p>A lot of articles have been written about sugar. The adverse effects of sugar on the body are well documented including hyper activity in children and trouble focusing. For this reason we respectfully request that parents do not let their children eat items containing sugar in the morning before coming to school.</p> |  |  |                                       |  |  |                 |
| <p>Students are not allowed to bring treats containing sugar. Sugar can be listed in many different ways such as:</p>   |  |  |                                       |  |  |                 |
| <p>Maltose, dextrose, sucrose, artificial sweetener(nutra sweet,truvia,etc.),corn syrup, high fructose corn syrup, sucanat, cane juice, malto dextrin etc.</p>  |  |  |                                       |  |  |                 |
| <p>Soft drinks or soda pop is not allowed.</p>  |  |  |                                       |  |  |                 |
| <p>Students are only allowed to bring treats containing the following sweeteners:</p>   |  |  |                                       |  |  |                 |
| <p>Honey, Xylitol, Molasses, 100% pure organic maple syrup, 100% pure organic Rice syrup, and 100 % fruit juice or fruit.</p>   |  |  |                                       |  |  |                 |
| <p>Honey treats may be sent to school to acknowledge birthdays or holidays.</p>   |  |  |                                       |  |  |                 |
| <p>We encourage teachers who provide treats for their class to use homemade items made with honey.</p>  |  |  |                                       |  |  |                 |
| <p>The following list is an example of items that may be purchased at a grocery or health food store and can be used for treats or snacks:</p>  |  |  |                                       |  |  |                 |
| <p>Panda all natural licorice</p>   |  |  |                                       |  |  |                 |
| <p>100% Fruit leather snacks</p>  |  |  |                                       |  |  |                 |
| <p>Home dried fruits</p>  |  |  |                                       |  |  |                 |
| <p>String cheese</p>  |  |  |                                       |  |  |                 |
| <p>All natural fruit fig bars</p>   |  |  |                                       |  |  |                 |
| <p>Fruits and Vegetables</p>  |  |  |                                       |  |  |                 |
| <p>Fritos corn chips</p>  |  |  |                                       |  |  |                 |
| <p>Figs and dates</p>   |  |  |                                       |  |  |                 |
| <p>All natural nuts</p>   |  |  |                                       |  |  |                 |
| <p>Sunflower seeds</p>  |  |  |                                       |  |  |                 |
| <p>Raisins</p>  |  |  |                                       |  |  |                 |
| <p>Honey cookies, cupcakes from Johns Market</p>  |  |  |                                       |  |  |                 |
| <p>Homemade popcorn</p>   |  |  |                                       |  |  |                 |
| <p>MSG or MSG substitutes are not allowed.</p>  |  |  |                                       |  |  |                 |
| <p>No microwave popcorn.</p>  |  |  |                                       |  |  |                 |
